EDUCATION

Diploma of mathematic and physics 0-20 Point Scale : 18.5	2017 – 2020
OlomPezeshki	Iran, Shiraz

LANGUAGES

German B2	2023
ÖSD Prüfung	B1
English C1	2021
IELTs	7
Persian Native	

HONORS AND AWARDS

Investigating of the internal and external factors which affecting plasma formation	2018
5th in Iran(all fields) 1st in Iran(physics major)	Appendix1
Construction of electrostatic chamber and investigation of parameters and shapes of plasma in different designs and shapes of chamber and internal network	2020
This invention ranked first (gold medal) in international competition which held in Iran	Appendix2
Construction of current plasma reactor with microwaves to produce carbon monoxide inorder to synthesize biofuels	2020
This invention ranked first (gold medal) in international competition which held in Turkey	Appendix2

CERTIFICATES

Comprehensive School of Artificial Intelligence, Python and Data Mining	In Progress
Linux Server Professional (LPIC-1)	
Excel Basics	
Network Principles	

WORK EXPERIENCE

Parse Printing Service

Dez. 2022 – Mai. 2023

Iran Shiraz

- Edited, resized, and enhanced images using Photoshop
- Configured and maintained networks for PCs and printers
- Operated various types of printers, such as inkjet, laser, and thermal

SKILLS

Programming

Python

- Python Scripting | Web Scrapping
 - * BeautifulSoup
 - * Selenium
- DOM Manipulation
- jQuery
- Bootstrap 4

Programming

Web Development

Front End

- HTML 5 | CSS 3 | Javascript ES6
- DOM Manipulation
- jQuery
- Bootstrap 4

Programming

Web Development

Back End

- Node.js | NPM | Express.js
- DOM Manipulation
- RESTful API

Databases

SQL/ NoSQL

- SQL
- MongoDB
- Mongoose

JavaScript Libraries

React

COMMUNITY INVOLVEMENT

Creating a team for related programs pertinent to plasma physics and the relevant experiments
RASOR

Creating a team for connecting the ideas related to the space research
ASTRO

Established an amateur geology group with high school friends
